FIITJEE Mission

To create world's best Institution that serves the society for thousands of years – may be perennially. To Make India Global Leader in Education, both in Not For Profit as well as For Profit Ventures.

FIITJEE Vision

Keeping our mission in mind, we will establish a transformational leadership position in each of our projects across the globe. We will become a comprehensive global leader in education by 2030.

Our Guiding Principles

- Consciously work, every moment of the day, to ensure that every student fully unravels his / her multidimensional talent & potential.
- Be perfect in everything that we do. Perfection is making the best efforts within the constraints of space, time & resources.
- Analyse every task with fundamentals and accept existing practices if perfect, otherwise innovate to move forward to achieve our Mission in consonance with our vision.
- Work ethically to inspire everyone who comes in our contact.
- Utilise technology to connect students, parents, teachers, administrators, bureaucrats & the government for collaborative efforts to transform global society. Facilitate information flow to all those who matter to humanity.
- Establish joint ventures & partnerships with compatible & synergistic individuals, associations, companies and governments.

The Future

FIITJEE spirit of excellence will touch every area of education from a few weeks old foetus in a mother's womb at vibrations level to adults at University level education, transforming the world by making children better sons, better daughters, better mothers, better fathers and better human beings in totality.

We see all the positivity & all the goodness of the Universe to support us in giving a Utopian future to the mankind on earth.

May God Rehabilitate the Mankind !

*After Class X, he chose to shift to Integrated School Program (PINNACLE)
